About Omnicell

Since 1992, Omnicell has been committed to transforming the pharmacy care delivery model to dramatically improve outcomes and lower costs. Through the vision of the Autonomous Pharmacy, a combination of automation, intelligence, and technology-enabled services, powered by a cloud data platform, Omnicell supports more efficient ways to manage medications across all care settings. Over 6,000 facilities worldwide use Omnicell automation and analytics solutions to help increase operational efficiency, reduce medication errors, deliver actionable intelligence, and improve patient safety. More than 40,000 institutional and retail pharmacies across North America and the United Kingdom leverage Omnicell's innovative medication adherence and population health solutions to improve patient engagement and adherence to prescriptions, helping to reduce costly hospital readmissions.
